# Contemporary Fresco Paintings

Iguarnieri, renowned artists in the world, do contemporary art in Florence in their own traditional studio. The brothers Roberto and Rodolfo (with others artists and collaborators) create artworks in the ART GALLERY STUDIO with antique and modern techniques. For all kind of art lovers, customers and collectors, that appreciate Italian art and beauty. Iguarnieri are inspired by history, culture, love and by the study of the past: Giotto's Bottega, Botticelli's Damsels, Modigliani's Nudes, Picasso's Portraits, Andy Warhol and the Factory, the Turner's Atmosphere. Their passion for the bond between contemporary art and ancient works started in the year 2000, with the 1st exhibition of fresco paintings. Their work has been developing for 18 years in small and large operas, now located all around Italy and abroad in Galleries and houses of friends, clients and also important patrons. Iguarnieri received approval and confirmation from privates and institutions, they participated in several painting and sculptures competitions. The winner operas are now permanently located in institutional places in Italy and abroad.

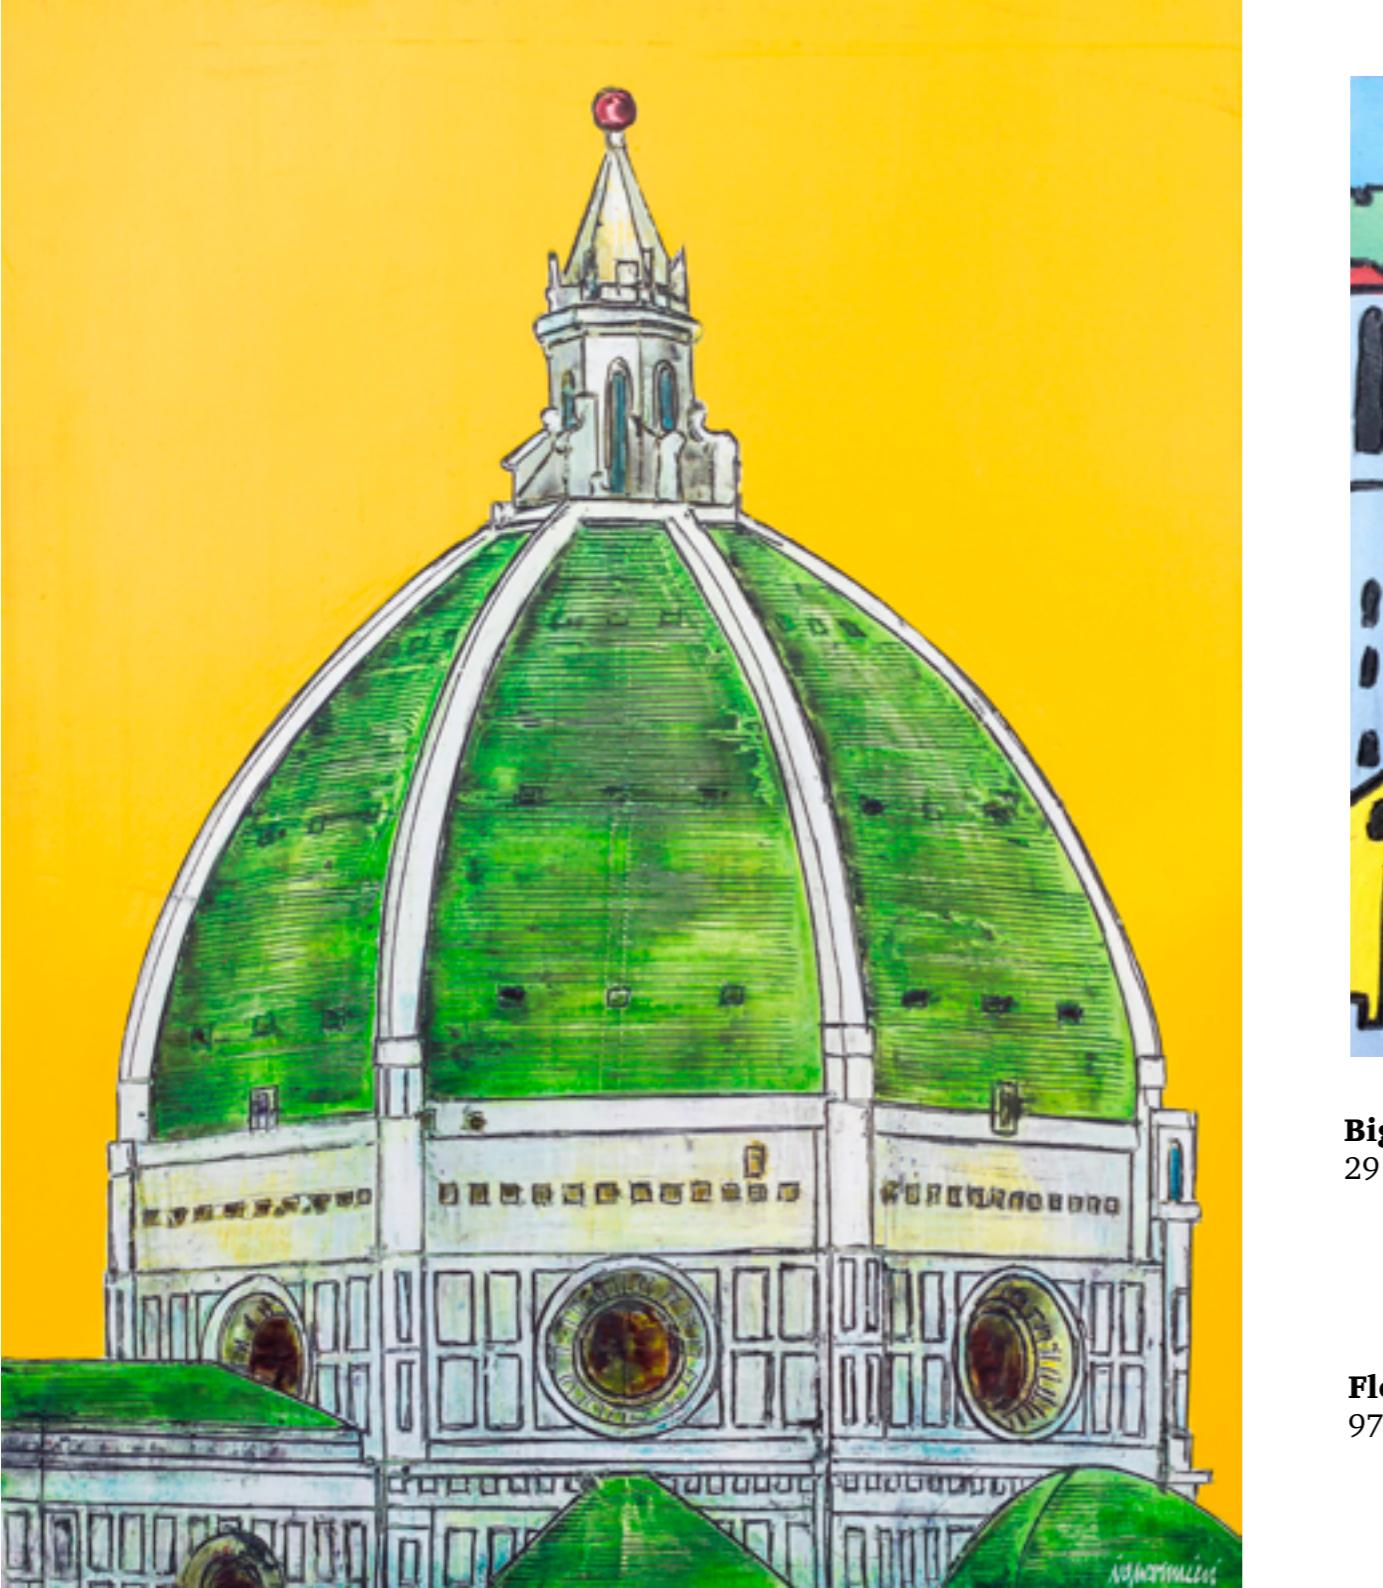

“Our idea about what we do, is to represent in artistic terms the humanity around us, dressing it on the florentine way of doing. The old master’s work is always the base of our art in painting and in sculpture. In our adventure all the materials and occasions are taken into consideration”. (From the book: iguarnieri and the PAINTING the 12 caresses technique)
