Contemporary Fresco Paintings

Iguarnieri, renowned artists in the world, make contemporary art in Florence. The brothers Roberto and Rodolfo (with others artists and collaborators) create artworks at the ART GALLERY STUDIO with antique and modern techniques, for collectors and art lovers that appreciate Italian art and beauty. They are inspired by history, culture, and by the study of the past: Giotto's Bottega, Botticelli's Damsels, Modigliani's Nudes, Picasso's Portraits, Andy Warhol and the Factory, the Turner's Atmosphere. Their passion for the bond between contemporary art and ancient works started in 2000 with their 1st exhibition of fresco paintings. Iguarnieri brothers works has been developing for 16 years in small and large operas, now they are all around Italy and abroad in galleries and houses of friends, clients and also important collectors. Iguarnieri received approval and confirmation, they participated in several painting and sculptures competitions. The winner operas as "Le Genti" in Barberino di Mugello, are now permanently located in institutional places in Italy and abroad.

“Our idea about what we do, is to represent in artistic therm the humanity around us, dressing it on the florentine way of doing art. The old master’s work is always the base of our painting and sculpture. In our adventure all the materials and occasions are taken into consideration”. (From the book: iguarnieri and the PAINTING the 12 caresses technique)

Portraits

“Farai le figure in tale atto, il quale sia sufficiente a dimostrare quello che la figura ha nell'animo; altrimenti la tua arte non sarà laudabile”.

(Leonardo da Vinci)

“Vorrei fare il ritratto di un amico artista..... Quest'uomo sarà biondo. Vorrei mettere nel quadro la mia stima, l'amore che ho per lui. Anzitutto lo dipingerò tale e quale con la maggiore fedeltà possibile. Ma il quadro non sarà finito così. Per finirlo divento adesso un colorista arbitrario. Esagero il biondo della capigliatura, arrivo ai toni aranciati, ai cromo, al giallo limone pallido. Dietro la sua testa, invece di dipingere il muro banale di un appartamento meschino, faccio un semplice fondo del blu più intenso che posso trovare e con questo semplice accorgimento la testa bionda rischiara-ta sul fondo blu raggiunge un effetto misterioso come una stella nel profondo azzurro.....“

(da una lettera di Van Gogh al fratello Theo)
